Virginia State University (VSU), founded in 1882 in the village of Ettrick, is one of Virginia’s two land-grant institutions that integrates agricultural instruction, research and extension. The University offers baccalaureate, master’s and doctoral degrees. Over 30 undergraduate majors are offered. VSU’s enrollment is approaching 6,000 students. VSU has a long history of outstanding faculty and administrators.

The College of Agriculture is the land-grant division of the University. As such, it is guided by the University’s tripartite mission of teaching, research and public service. Near the campus is Randolph Farm, a 416-acre learning center.

Explore the World of Science around You through VSU’s Innovative Agriculture and Environmental Science Programs
June 16-20 (Grp. 1) OR June 23-27 (Grp. 2)

2014 SUMMER ENRICHMENT PROGRAM for rising HIGH SCHOOL JUNIORS, SENIORS

Sponsored by VSU’s Department of Agriculture & USDA/NIFA
Gain hands-on experience with the world around you through VSU’s innovative agri-culture & environmental science programs.

During the five-day program, participants will learn from experts, through VSU campus and farm tours, hands-on field and lab activities, about:

- Preparing healthy food
- Exploring the science of fish
- Studying water/environmental issues
- Understanding plant growth
- Raising healthy animals
- Career opportunities with the United States Dept. of Agriculture (USDA) and other federal, state, private industry jobs
- Resume building & interviewing skills
- Life as a college student

Success begins with a dream - an inspiration to explore new ideas and discover new ways to enrich your life and build a better future.
